

JOANNA RAYS

THE ARTIST

Singer and author coming from the South of France, Joanna Rays is a complete artist (dancing, singing, producing). Open to very different musical influences, she originally came from the pop-rock milieu, performing with musicians before prestigious, well-known French artists.

Year 2008 was a turning-point, as she was asked to write and sing 2 songs, "NOT THE ONE" and "MAKES ME SHIVER" that immediately revealed her to the electro-house field and also to the media, as she was played on most national and local radios (mostly on FG DJ RADIO) and also reached the TOP 40 Yacast clubs in France.

Boosted by this success, she accepted to collaborate with new producers, leading to "RISE UP" with Michael Kaiser, and "NO MATTER" with Clubshot, titles which were widely broadcast. "No matter" even got support from international DJs such as Roger Sanchez, Mischa Daniels, or Thomas Gold.

Joanna didn't stop here: she released "PRAY", "Beating For You", "So in love" and "My Heart Is Burning" (respectively coproduced with Fred Closer, Muttonheads and Danny Wild), on Antoine Clamaran and Laurent Pautrat's label Pool E Music, or on her own label (Joys Productions – www.joysprod.com) and again was broadcast at the national level while her collaboration with Belgian producer Nando Fortunato, "Like A Spell" (Gun Records), reached the TOP 20 clubs in Belgium.

But her major projects came next: first, "Happy People" (Happy Music - Time Records 2011), a fresh collaboration with her friend Danny Wild which was boosted up before its launching by famous TV and radio animator Cauet (NRJ), and then got support from Bob Sinclar or Stonebridge; second, "Just Another Day" (Scorpio Music, Joys Prod, Sony Canada), did a real buzz before its release in Tiesto's shows (and then in Thomas Gold's, DJs from Mars's or Joachim Garraud's), to follow up with an official daily playlist on FUN RADIO and several weeks in the TOP 40 Yacast Clubs charts! As for "Just One Night" with Raf Marchesini, with remixes by Nicola Fasano and Die Hoerer, it was widely broadcast at the international level and even ranked #1 in the Italian DJ Charts and 20th @ EURODANCE official European charts.

Year 2013 is again a rich year, artistically speaking, with new international collaborations, among which "Magical" with Fedo Mora (Forever Yg – Italy), "Me and You" with famous Paul Mendez (Inwama rec. Spain), "You Don't Know Me" with Tony Jaguar (House Session – Germany), "Take Your Time" with Lucas Reyes and Lemon3 (Kult Records USA – TOP 60 Beatport House – TOP 20 Starfleet USA), "Strong Enough" with Molla & Marquis VS Hiffinders (TOP 12 Italian Clubs), and of course a new single "Calling Me" (supported by Thomas Gold, DJs from Mars, Esquire...).

The following year, with « Out of my Life » (produced by David Kane), and « Get up », coproduced with Anton Wick (Laurent Wolf's official producer), Joanna Rays's voice is still heard on most radio stations in France and abroad. But this is more precisely and more widely done with « NOT ENOUGH », a very strong track that ends up TOP 20 BEATPORT general charts in March 2014, enabling international audiences to discover, and love her style and harmonies (remixes by Alex Xela and Eddy Nick, and Raf Marchesini).

Beginning 2015, an original album with acoustic exclusive pop-style songs ("Just A Woman EP", Joys Prod), as well as new collabs with Laurent Pautrat ("Do 2 me", Pool E Music) and John Modena ("Take You High", Club Dep) were also quite appreciated. But this is probably the new collaboration with Anton Wick, entitled "LET ME GO", signed on Clippers (Spain) and Future Play, which will enlarge Joanna's audiences again this year, as the pack is really strong and diversified, with remixes by Laurent Wolf, Muttonheads and Mico C.

All this goes along with the development of Joanna's show, « the Joanna Rays selection », an original concept she is the only one to propose for radios, which gets a lot of success every evening on more than 40 fm and web radios around Europe (Vitamine France, Mortal FM Spain, Up Radio and Mixx Fm Belgium, Station Millenium France etc.).
